Adopted Grandparent

Program Description
Volunteers participate in personal visits with a “grandparent” matched by both of their personal interests. This program allows college students to relate to someone from another generation while giving the “grandparent” comfort and stability and allows the volunteer to make a difference in their lives.

When the Program Runs
Any day of the week. Specific times are coordinated with the grandparent and volunteer’s schedules.

Location
Various residential care facilities in Chico. Facilities range from 2 to 7 miles away from campus.

Why Volunteer?
This program gives volunteers a sense of family, empathy, and the potential to nurture a new friendship.

Fun Facts
Volunteers may talk, play games, tell stories and listen to stories, do art work and learn about family history!
