Animal Connection

Program Description
Provides volunteers the opportunity to socialize sheltered animals at the Butte Humane Society and Chico Animal Shelter. Volunteers promote responsible animal care and educate the community about proper pet care. Participants assist with a variety of tasks, depending on the needs of the shelter. Activities can range from interacting with the animals, to cleaning their environment, to assisting with special events as needed.

When the Program Runs
Various times during the week (ask at the front desk for specific times and dates).

Locations
Butte Humane Society, 587 Country Dr. Chico, California 95928
Chico Animal Shelter, 2579 Fair St. Chico, California 95928

Why Volunteer?
Volunteering with Animal Connection is a very rewarding experience. To see the joy in an animal’s eyes when you take a dog for a walk, scratch a kitty’s belly or give a senior bunny some love is an amazing and gratifying experience - for you AND them!

Fun Facts
Since many college students are not able to have pets of their own and often long for companionship with animals, Animal Connection provides volunteers with the opportunity to interact and work with sheltered animals.
