

PRESIDENT

Hi Wildcats! My name is Karla Camacho and I have had the pleasure of serving as your AS Director of University Affairs this last year. Prior to that, I served as a Student Academic Senator, and in both of these capacities, I have tirelessly fought for your rights at CSU, Chico, in Sacramento, in Long Beach, and in DC. My work was recently recognized by the California State Student Association as I was named their Student Advocate of the Year. The extensive network that I've built will enable me to drive my goal of empowering the students both at CSU, Chico and far beyond the campus boundaries. If elected to serve as your AS President, I vow to remain devoted to our campus' students, to continue to advocate and fight for your best interest no matter the issue, and to work to enrich the Chico experience for all.

KARLA CAMACHO

I am Nadine Salas, and I am a Public Administration major with a minor in Communication Studies. Working within the Associated Students this past year as the Commissioner of Community Affairs has given me tremendous insight and experience to what being a strong president and champion of the students means. All the work I have done as an officer has been for the protection and benefit of our campus and our students. I've sat on countless safety meetings where I advocated for more lighting, more appropriate handling of student issues and campaigned for campus unity. The events I've organized have varied from Coffee with the Cops, Cats in the Community, and the Open Cannabis Forum. It is the students first, the students always.

NADINE SALAS

My name is Alisha Sharma, and I would be honored to be elected as your AS President. This semester I was designated as AS President and have had the opportunity to work directly with the student body to ensure our voices are heard by administration. Having previously been elected to serve as Commissioner of Student Organizations and Programs and Executive Vice President, I believe my experience in advocacy and passion for serving and representing my peers make me the best candidate to continue in this position. If elected as AS President, I have three main goals: (1) continue to amplify diverse students' stories and voices to faculty, staff, and administration, (2) increase the Associated Students' commitment to meeting students' basic needs, and (3) promote a culture of Lifting Each Other Up by focusing on student mental health and fostering a campus community where every student feels connected, supported, and heard.

As a Political Science major, I have always held the belief that one person can change the world. Maybe not all at once, maybe not in an extremely visible way, but certainly through small ripples, and I've started mine here at Chico State. My name is Jasmine Cruz and I'm running to be your next Director of Legislative Affairs because only through the knowledge and sharing of the way that our legislature functions and the laws they produce can we all regain some power in our own education. In my two years at Chico State I've had the honor of being the president and founder of the Chico State Political Science Society and of holding positions in the Chico State Democrats and the Pre-Law Society. I have experience as a leader, an activist and a friend. Here to represent your views, vote Jasmine Cruz.
