E. Information Item: Revisions to Associated Students Personnel Policy No.745 – Associated Students Vacation Policy – Railey reviewed the various changes to the policy as included in the agenda packet. Calandrella asked if an employee that does not work full time can decide whether or not to use their vacation time during their regular time off. Railey said it’s selective; however, they’re looking for better solutions for next summer to cover the cost of insurance premiums. Buckley said the old policy was confusing; some supervisors took it that employees couldn’t take vacation during the summer, some interpreted that they had to use their vacation time. Delorenzo asked how many employees this affects and Railey said 25 to 30. Buckley said the CDL and Dining are the bulk of those that don’t work during the summer.

F. Director of University Affairs Report – Fleet said the next Senate meeting will be on Monday, and almost all representatives should be there.

G. Director of Legislative Affairs Report – Dumas had no additional items to report.

H. University Vice Presidents’ Report – Calandrella said it has been a good start to the semester. He said a lot of programming via this body and collaboration of other areas on campus has provided numerous options for students. He commended this body for their support and involvement in Welcome Week, and setting the tone of what it is to be a Wildcat. He said we have more students than we’ve ever had. Calandrella said more practice regarding emergencies will be done. Grimm said Hyatt is eager to be here and be a part of things.

I. Executive Director’s Report – Buckley said last year discussion was held with the Board quite a bit about the Obama law and Fair Labor Standard Act regarding exempt employees and non-exempt employees. He said as of December 1, 2016, anyone making $47,000 or less would be considered non-exempt (hourly) employees. $23,000 was the prior threshold. He said the decision was made to implement this change on July 1, 2016 instead of December 1. He said this affected 14 of our employees that were previously considered exempt employees. Buckley said campus is still awaiting direction from the Chancellor’s Office regarding this and noted the Student Affairs Division will be the biggest area hit, as well as coaches, here on campus. He explained that we are trying to keep people at 8 hour shifts. Buckley said double the minimum wage is also a CA law in order to be considered exempt, and by the time $15/hour is paid for minimum
wage, exempt employees will need to make $62,000/year to remain exempt. He said it will cost more via hiring of more staff, paying of overtime or providing less services for students. Further information will be provided. Buckley said he’d like to make sure the Board is aware of practices that are happening within the organization that are inconsistent. He said he would like the Board’s input regarding using student dollars to pay for shirts and explained that some areas buy shirts for students, some for students and career employees, some buy as uniforms for their areas. Buckley said he would like to hear from the students in particular about how student dollars are being used regarding this and what they feel is appropriate. Some recommendations will be provided. Buckley said due to Lori Hoffman being removed as a 401(k) Trustee, they would like to have a non-AS person on the committee as a trustee. He said he emailed Calandrella and Hyatt for recommendations and will come back to the Board with a recommendation of someone else to be a trustee. A new resolution would need to be prepared.

J. President’s Report – Pratt said they are working on defining Shared Governance at CSSA, and what it should look like. Once a finalized version has been prepared at CSSA, the document will be provided to individual campuses for their review and input. Once finalized, student trustees will then take to the Board of Trustees.
