G. Discussion was held. Fleet questioned Item VII. D. 1., “This provision shall be honored, unless otherwise determined by the AS Board of Directors in the beginning of each semester.” She said this has to be decided in June and can’t be changed at the beginning of each semester. Pratt said he would strike that sentence from the document.

H. Information Item: Revisions to Associated Students Corporate Codes – Duties for Director of University Affairs – Pratt said if revisions to Item VII. L are approved, then the President’s Duties would need to be revised to correspond with the change. Discussion was held. Item VII. M. 1 will be deleted from the suggested changes to the Duties.

I. Director of University Affairs Report – Fleet reported that she was out on Monday so Torie chaired the Student Senate meeting; however, there were no action items. She said their last Student Senate meeting will be on Monday. She noted that this weekend she and Pratt are going to CSSA in Pomona.

J. Director of Legislative Affairs Report – Dumas was absent.

K. University Vice Presidents’ Reports – Calandrella said this has been a great group to work with. Stivers said this being his first Board meeting, he’s impressed. He said it sounds like the AS runs a tight ship financially. He asked for consideration of not being short sighted about reserving money for a rainy day fund, deferred maintenance, etc., as they can kill a budget quickly. Buckley confirmed we have money in reserves.

L. Executive Director’s Report – Buckley said the Wildcat Leadership Institute Banquet yesterday was a nice event, and it was rewarding to see students receiving awards. He complimented Jen Halford for putting this event together. • Buckley said in late summer or early fall he and Clyde will develop a RFP for the beverage contract, to send out in September. He said they’re considering asking Pepsi and Coke to respond to two questions, one that includes all beverages, including bottled water, and one not including bottled water. Buckley explained the Advisory Measure that was passed last year regarding stopping the sales of bottled water on campus. • Buckley said Clyde and Rahtz will be asking Pratt to sign an Executive Order regarding cameras. He explained that two years ago it was built into the budget for both ASBC and BMUC to add and replace cameras in the BMU. They thought this work was going to get done last summer, but it got bumped off the list. He noted the BMUC budget amount was correct; however, the ASBC amount was off by $10,000. It was already approved by ASBC and the Board at $42,000 previously. Buckley said there was recently a small cash theft downstairs and he’s waiting to hear from UPD if the case is closed. They want to install an additional camera in that area. In addition, procedures will be put in place, as well as other changes. • Buckley said almost 10 months ago he received a note from the then VP for Business & Finance that the lawsuit that was filed against PG&E regarding remediation of soil at the WREC was nearing settlement. He said it still hasn’t been settled yet and he found out that legal fees were paid out of Student fees in the amount of approximately $36,000, instead of being paid by the Chancellor’s Office. He said this will be addressed when the settlement is made.

M. President’s Report – Pratt said he’s excited to announce that the Statement on Shared Governance was affirmed by Academic Senate last Wednesday and will be signed at the next Academic Senate meeting. He said this includes students as part of the shared governance process. • Pratt said he will be on the interview panel for student trustee applicants, so they can send the Governor the top candidates.
