Date Submitted: 9-23-14
Date Approved: 10-7-14

WHEREAS, the Associated Students of California State University, Chico is the recognized voice of more than 16,000 students; and

WHEREAS, the Associated Students of California State University, Chico recognizes the ability of CSSA to lobby for the needs of the 447,000 CSU students in the California legislature and provide opportunities for student leaders from all 23 campuses to collectively serve these students; and

WHEREAS, the Associated Students of California State University, Chico acknowledges CSSA's need for stable funding and that additional funding could provide opportunities for the growth of the organization by expanding federal advocacy efforts and providing compensation for executive officers; and

WHEREAS, CSSA purports that approximately ninety percent of students who are given the ability to opt out of a campus fee do not do so; and

WHEREAS, the Associated Students of California State University, Chico's current Strategic Plan ensures accountability, especially as it relates to student finances and fees; and

WHEREAS, the primary mode of accountability as articulated by CSSA in relation to the Student Involvement and Representation Fee (SIRF) relies on an individual student being informed enough about CSSA to make the decision to opt out of paying the fee; and

WHEREAS, the current CSSA funding model allows each Associated Students organization to commit to funding CSSA as long as the AS Board of Directors feel the organization operates with integrity and in the best interest of Chico State students; the proposed funding model would not allow campuses to control the funding allocation; and

WHEREAS, the Associated Students of California State University, Chico clearly expressed concerns in a resolution passed in January 2014 that SIRF would be the only optional fee in the CSU and would set a precedent that could jeopardize existing or future student fees; and

WHEREAS, this concern has materialized in A.B. 2736, which recently passed in California granting the CSU Board of Trustees an absolute power to create additional voluntary fees for CSU students without consultation; and

WHEREAS, this legislation was supported by CSSA without being agendized, discussed or passed by the CSSA Board of Directors; and

BOD Approved, 10/7/14

RESOLVED, that the Associated Students of California State University, Chico requests that the Rules, Policies and Procedures Ad Hoc Committee make recommendations to the Board of Trustees, Chancellor’s Office, CSSA Board of Directors, Executive Officers and Staff regarding revisions to the Memorandums of Understanding that exist between each Associated Students organization and CSSA as well as with the Chancellor’s Office and CSSA; and

RESOLVED, that if this proposed fee is directly collected from each CSU student instead of each campus’ student body organization, CSSA needs to directly and visibly serve individual students; and

RESOLVED, that the Associated Students of California State University, Chico requests that CSSA cannot accumulate a reserve in excess of 10% of the annual operating budget; and furthermore, if the entire budget is not expended, CSSA will forgo increasing the student representation fee as it relates to the percentage of inflation in the Higher Education Price Index; and
