# Associated Students Sustainability Fund Project Proposal

---

## 7. Project Goals and Desired Outcomes

*The Associated Students Sustainability Fund Allocation Committee will use the following definition of sustainability when assessing your proposed project:*

*“The remaking of the human presence in the natural world in a manner that will allow all current and future humans to be healthy; have strong vibrant, secure, and thriving communities and nations; have economic opportunity for all; and restore and maintain the integrity of our life support system, the bio-sphere.”*

*Please outline the goals and desired outcomes of your proposed project and explain how they are aligned with the above definition of sustainability. In doing so, also describe how your project fulfills some or all of the below items:*

- Projects that have the potential to make a significant positive environmental impact*
- Projects that enhance or support the sustainability missions and direction of the AS and University*
- Projects that are achievable and will be highly visible to the campus community*
- Projects that produce measurable financial savings*
- Projects that can eventually be institutionalized with outside funding sources*
- New, previously unfunded proposals and ideas*
- Projects that support or enhance community sustainability efforts*
- Projects that promote civic engagement and service learning*
