She next reviewed questions she received from Delorenzo. Delorenzo asked how this new committee will remain active and functioning and McAllister said she hopes they will because they’re elected. Regarding the one year term, McAllister said she didn’t think our structure can hold multiple years in office. Delorenzo suggested a follow-up for the next year will need to be done, and a mechanism needs to be put in place that explains what happened the previous year. McAllister noted that senators will be elected during the same election as the officers are. She said the Attendance Policy was removed because at this time we do not have an Attendance Policy. Slaughter said there’s an Officer Attendance Policy. McAllister said the senators would take information to the appropriate Academic Senate Committee, person or department. Slaughter said regarding Section, VIII., Standing Committees, that the AS has only three standing committees, so the word “Standing” was removed. The second sentence of section VII. B. was changed to, “And, further, to develop advisory plans for remedying those identified issues.” It was noted that proxies are not allowed.
